Financial regulations are one of the Council's three governing policy documents (Standing Orders, Financial Regulations and Code of Conduct) providing procedural guidance for members and officers. Financial regulations must be observed in conjunction with the Council's standing orders and any individual financial regulations relating to contracts.
12. The Council is responsible in law for ensuring that its financial management is adequate and effective and that the Council has a sound system of internal control which facilitates the effective exercise of the Council's functions, including arrangements for the management of risk.
13. The Council's accounting control systems must include measures:

16. Deliberate or wilful breach of these Regulations by an employee may give rise to disciplinary proceedings.

- assists the Council to secure economy, efficiency and effectiveness in the use of its resources; and
- produces financial management information as required by the Council.

1.10. 1.11. The accounting records determined by the RFO shall in particular contain:

- entries from day to day of all sums of money received and expended by the Council and the matters to which the income and expenditure or receipts and payments account relate;
- a record of the assets and liabilities of the Council; and
- wherever relevant, a record of the Council's income and expenditure in relation to claims made, or to be made, for any contribution, grant or subsidy.

1.12. The accounting control systems determined by the RFO shall include:
